

**AUTOMATION**

# Motor Starting Basics

This one-day course is designed to teach the attendee to properly select, install, and wire various motor starting techniques.

Combination Starters, Soft-Starters, and Variable Frequency Drives will be covered, including basic Soft-Starter and VFD Parameter setting. This course will consist of both technical instruction and hands-on training.

Throughout this course, students will have the opportunity to practice the skills learned through a variety of hands-on exercises.

**Tuesday, February 18**

**9 AM - 4 PM**

SMC Joplin  
923 W 4th St  
Joplin, MO 64801
